

## Rodrigo Herrera Navarro

Fullstack Developer | JavaScript | React | Node.js

San José, Costa Rica

+506 8620-0770 | rodrigoehn99@gmail.com

linkedin.com/in/ehnrodrigo | rodrigoherrera.dev | github.com/RodrigoEHN

## PROFESSIONAL SUMMARY

Fullstack Developer with practical experience building and deploying web applications using React, Node.js, and modern JavaScript frameworks. Experienced in developing RESTful APIs, implementing secure authentication with JWT, and working with both SQL and NoSQL databases. Background in data analysis and business intelligence, bringing a structured and data-driven approach to software development.

## TECHNICAL SKILLS

### Frontend:

JavaScript (ES6+), React, Next.js, Vite, HTML5, CSS3, Tailwind CSS

### Backend:

Node.js, Express.js, RESTful APIs, JWT Authentication

### Databases:

SQL Databases, MongoDB, Data Modeling

### Tools & Deployment:

Git, GitHub, Vercel, API Integration, Environment Configuration

### Data & Analytics:

Excel (Advanced, Pivot Tables), Power BI, Business Reporting

## PROFESSIONAL EXPERIENCE

### Freelance Web Developer – Self-Employed | Remote

2024 – Present

- Design and build fullstack web applications using React, Next.js, Node.js, and Express.
- Develop RESTful APIs with complete CRUD functionality and structured routing.
- Implement authentication and authorization using JWT and protected routes.

- Work with SQL and NoSQL databases for data persistence and modeling.
- Deploy and maintain applications in production using Vercel.
- Manage version control and structured workflows using Git and GitHub.

### **Amazon – Investigation Specialist**

San José, Costa Rica | October 31, 2022 – Present

- Conduct data-driven investigations using large-scale NoSQL systems.
- Analyze structured and semi-structured datasets to support operational and risk-related decisions.
- Develop analytical reports using Excel (Pivot Tables and advanced formulas).
- Create dashboards and visualizations in Power BI to support business insights.
- Translate complex data into actionable recommendations for stakeholders.

## **EDUCATION**

### **Systems Engineering – Universidad Fidelitas**

2022 – 2027 (Expected Graduation)

### **Data Analysis Program – Cenfotec**

January 2026 – November 2026 (Expected Graduation)

## **CERTIFICATIONS & COURSES**

- VLAcademy
- Web Development
- SQL Server
- Project Management
